

AFFIDAVIT OF FINANCIAL SUPPORT GENERAL INFORMATION

Purpose of the Affidavit: Educational institutions in the United States are required by the U.S. Citizenship and Immigration Services to have documentary proof of adequate financial support before a Certificate of Eligibility (I20) is issued. The I-20 is used to obtain a visa for entrance into this country or for a transfer from one academic institution to another in the U.S. Proof must be shown that funds are available to cover your expenses while in the U.S. for the first academic year. **Warning:** Providing false information may jeopardize a student's visa status. Furthermore, the institution may revoke its initial decision to enroll the student.

Privately Sponsored Students: Proper completion and submission of the attached affidavit are required (see instructions for the affidavit below). An Affidavit of Support Form (I-134) must be submitted instead of this affidavit if the sponsor is a permanent or U.S. citizen. If more than one person will be providing funds, each sponsor will need to complete a separate affidavit. Remember to attach the letters from the bank and the sponsor's employer to the affidavit.

Important Notes and Requirements Regarding Official Financial Documentation:

- Official and original documents must be provided.
- All documents must be in English and **figures in equivalent U.S. dollars** (or the current exchange rate must be supplied by the bank). If not possible, translations of the documents will be accepted if signed and sealed by an appropriate government or bank official.
- All supporting documentation must be dated within one year of initial enrollment at Oakwood Adventist Academy.
- Photocopies and faxed documents will not be accepted.
- If a transfer student, a visa clearance must be completed and attach a copy of the I-20 from the last U.S. institution attended.
